

I do not want LPFM stations to take priority over current FM translator server and kick off K-Love.

There is HIGH value in National or regional services such as K-Love, which is heard from hundreds of thousands of people.

K-Love has served me by giving me a positive station to listen to that encourages me throughout the day. It has a tremendous calming affect. As opposed crude/foul talk/music of other stations.

If K-Love were removed by an LPFM station I believe there would be a negative affect on the Phoenix/Gilbert community because it would be one less positive, encouraging station on the air. The old saying - garbage in you'll get garbage out and you can expect that from people listening to garbage talk and music.

K-Love is in the public interest because it provides a clean and uplifting programming that is in stark contrast to MOST programming that is currently available or what LPFM would replace K-Love with.

DO NOT remove K-Love from the air or replace it with a LPFM station.
